Dexian Successfully Delivers SAP Resources for S4 Financial Implementation

©Dexian, LLC, 2023 | 4316537724

CLIENT:

Global manufacturer of home building materials.

Challenge

The client was working through a large implementation partner and needed additional internal resources to ensure project met specifications.

Solution

Dexian matched the need for specific skills and industry experience to fill roles essential to successfully completing the client's implementation.

Outcome

While the project is on track for a Q4 completion, Dexian has become the exclusive resource to augment staffing for the project and to fill other gaps.
